

“Tools of Floodplain Management” Training Course Dates for 2006

The National Flood Insurance Program (NFIP) “Tools of Floodplain Management” two day training course dates for 2006 have been set. They are scheduled to be held March 14th & 15th, July 11th & 12th, and September 19th & 20th at the State Emergency Management Agency Headquarters in Jefferson City, Missouri. This two-day training course starts at 1:00 pm on the first day of training and concludes at 3:00 pm the following day.

In order to direct as much personal training to each attendant the class limit has been set for twenty-five (25). This interactive training will be beneficial to all local officials who work directly with the National Flood Insurance Program (NFIP). Upon completion attendants will have a good understanding of the day-to-day application of the community’s role in the NFIP.

“Tools of Floodplain Management” is accredited for eight (8) hours of continuing education credits for International Code Council (ICC) and nine (9) hours of continuing education credits for Certified Floodplain Managers (CFM).

Call Pam Huhmann at (573)-526-9115 to register for the March 2006 class. .
